

Succor Creek

From I-84, take exit 374 for Highway 201 south. Continue to Nyssa, turning left for Highway 201 south. Continue on Highway 201 for roughly 33 miles to Succor Creek Road. Turn right. You will arrive in just less than 15 miles.

From Jordan Valley, take Highway 95 north for 27 miles and turn left at the sign for Succor Creek. Take this road 8.5 miles to a T-shaped junction at the Rockville School, where you will head left toward Succor Creek for another 1.8 miles. Stay straight at the junction, then continue the final 10 miles into Succor Creek.

About the Owyhee Canyonlands

The Owyhee Canyonlands require preparation, awareness and self-sufficiency. Once you leave the blacktop you will not find services or amenities. Top off your gas tank when leaving gateway communities like Jordan Valley or Rome, and carry a spare gas can.

Driving conditions in the Owyhee can be challenging. Roads are often unmaintained, rocky and rutted. Check each destination write-up for road conditions and advice on clearance and four-wheel drive recommendations. A small amount of precipitation makes the road surface slippery, creating mud buildup that clogs wheel wells and limits travel.

Each vehicle should contain a full-size spare tire, towing straps/chains, a jack, some flat boards, Fix-a-Flat, a lug wrench, jumper cables and a five-gallon water jug.

Your best bet for traveling in the Owyhee Canyonlands is to purchase the Malheur Canyon Country and Owyhee Canyon Country maps from the Bureau of Land Management.
